Subject:	RE: Kindly Review The Attached Document !!!

Hello Mr. Barak,

I received the email below from you yesterday.

I suspect your computer is infected with a virus and that you specifically did not send me the message.

The reason I suspect this is that the message is very generic, and not addressed to me specifically.
Also the link references a ".php" file, which also is suspicious.
It is very possible that the message may have been sent to a large number of people in your Gmail address list.

Brian Kay
Fortune Energy/GERI
